INDIAN ORTHODONTIC SOCIETY

About US

The Indian Orthodontic Society, the first speciality organization of Dentistry started as a Study Group in Bombay way back in the year 1963.

It was formally established as the INDIAN ORTHODONTIC SOCIETY on Friday, the 5th October 1965 by seven founder members. The story of our society and its founder members makes interesting reading and can be accessed at www.jios.in/text.asp?2015/49/5/14/171153.

Today, the society has close to 10,000 members. The goals of the society are:

1. To popularise and promote the study of Orthodontics in India
 2. To popularise and spread the practice of Orthodontics in India
 3. To educate the Indian public about the importance of Orthodontics
 4. To promote and safeguard the interests of the Orthodontists in India
 5. To carry out research and to promote Orthodontics through setting up charity/subsidised clinic (s) for the Indian population
 6. To foster friendship and brotherhood amongst the members of the Society
- Since the first Indian Orthodontic Conference (IOC) held in the year 1967 at New Delhi, the IOC is an annual event and you can find details of upcoming conferences on the website.

The IOS also has a mid year convention every year, sometimes overseas in association with a sister international organization. The National IOS PG Student Convention is also an annual event since the first one held in the year 1996 in Mangalore. With several study groups across the country, the calendar of the IOS burgeons with scientific and public awareness activites. The Journal of the Indian Orthodontic Society (JIOS), started in 1968 recently celebrated its 50th year. The journal can be accessed from www.jios.in.

The IOS has another journal, the Journal of Contemporary Orthodontics which can be accessed from <https://journals.sagepub.com>

The IOS TIMES is the official news letter of IOS started in the year 2008 with the primary intention of connecting the members of the society. It also seeks to connect with the public and improve public awareness simultaneously providing patient education material. Issues can be accessed on www.iosweb.net/IOSTimes.aspx

In the year 1999, the Indian Orthodontic Society achieved another first by establishing the Indian Board of Orthodontics, the first such Board in the field of Dentistry in India and the third in the world. The Board serves to raise the bar of clinical excellence in Orthodontics by awarding 'Diplomate, Indian Board of Orthodontics' to its members.

With the signing of the charter of the World Federation of Orthodontics at San Francisco USA in 1995, the IOS is proud to be a part of the WFO. The Indian Orthodontic Society plays an active role on the global Orthodontic scene with some of its members serving in positions of eminence in international bodies.

Please do visit the website www.iosweb.net for more details about our association.

Message for President, IOS

Dear members of the IOS,

It is with great humility and in depth gratitude that I thank all the members of Indian Orthodontic Society for reposing their faith in me and electing me to the distinguished post of the President of this esteemed and august society. There are 30000 qualified orthodontists in the country, but only slightly more than 4000 have been registered as life members, though 10000 student life members are there. It is my endeavor to bring all these orthodontists in our loop so our data reflects to the whole world that we are the biggest orthodontic fraternity globally. For the same purpose, in our first EC meeting itself, we have decided to smoothen the transition from SLM to LM, whereby only first page certificate of thesis signed by the head of the department will suffice along with the copy of provisional or MDS degree that is to be submitted online. We have made this website more interactive and user friendly. I am happy that the Head office is bringing out a new directory with an updated members details. The head office under our hardworking secretary and joint secretary have tried very hard to contact members, verify their details and issue new smart cards to LM and SLM members. I request all members to visit our website and keep in touch with the IOS.

Dr. Pradeep Jain
President
Indian Orthodontic Society

Message for Hon. Secretary, IOS

Dear members of the IOS,

The Indian Orthodontic Society started with 7 members in the year 1965. Today we are a large society of more than 4000 life members, a few associate and affiliate members and several thousand student members. Our numbers cross 10,000.

As our society grows, so does the distance between us and keeping track of our members is becoming a challenge.

This year we have tried to bring all our members on a common platform, the website of the IOS, www.iosweb.net. The website is based on user interface and makes it possible for our members to update their contact details, photographs etc. themselves. Smart cards with QR codes have been issued which allow for easy verification. These cards have been sent to those members whose details have been verified.

Despite the above efforts, we still have missing links in our data which we are trying to bridge. We request our honourable members to visit www.iosweb.net and keep connected. Those of you who haven't received the smart cards can update your details and notify the Head office at iosoffice2019@gmail.com.

Student members have been issued E cards too. The IOS directory 2019 is an effort to keep members connected but is by no means a work completed. We believe that with an organization like ours that is constantly growing, this directory will be a record that is digital, dynamic and constantly evolving.

Dr. Sridevi Padmanabhan
Hon. Secretary, IOS

Message from President Elect, IOS

The first specialty and the oldest society is growing and spreading smiles to the world. As we welcome all new members it is pertinent to document the details of all members for better communication and referencing. The directory is an essential and necessary tool to search and spread acquaintance and amaraderie for professional and personal information for reference amongst the members.

In this digital age of data management, it is important to have the details of members at the click of a button and I am happy that after a gap of many years, an effort has been initiated in this direction. The task involved in compiling this directory is herculean and I appreciate the hard work put in by the dynamic Hon Secretary Dr Sridevi P and her team.

The directory will provide a platform for each and every member of IOS to search old friends and forge new friendships, to reflect upon the enormous strength of IOS as the largest dental specialty organization and to bring in a brighter tomorrow for our society and the profession.

Prof. Dr. Silju Mathew
President Elect
Indian Orthodontic Society

Message from Immediate Past President, IOS

The Indian Orthodontic Family day by day grows stronger as new members join its fold. The strength of any society lies in its numbers, especially the young fresh dynamic minds which make up the family. They say "in diversity lies strength". So is the case with the Indian Orthodontic Society. This directory will bring our members closer. In today's digital world staying connected has no doubt become easier but this directory will streamline the process of connectivity. My best wishes to the Indian Orthodontic Society and its members and I compliment the Head Office of the Indian Orthodontic Society for a successful launch of this directory.

Thank you

Kind regards

Prof. Dr. Shailesh Deshmukh

Message for Immediate Past Secretary, IOS

Dear Members,

I am glad that the updated directory has been released . The directory serves as a repository of our personal and professional data . In our speciality it makes all the more sense as we would need to refer an Orthodontic patient to another colleague in another part of the country / world.

I would take this opportunity to congratulate the new secretarial team of Dr Sridevi, Dr Gnana& Dr Sanjay for the excellent work done .

Best wishes
Dr Deepak Chandra

Message for Joint Secretary, IOS

Members are the strength and base of any professional association. In this era of communication, a complete and updated data of the members forms the key in smooth functioning of the Office of the association. It also serves the purpose of keeping the IOS office and the members closer. The updated list in the form of Directory helps in members to know each other both personally and professionally ,further strengthening the fraternal bonding and the association at large. Hon.Secretary and the Head Office team had accomplished the task successfully . I request dear members to utilize the facility and strengthen the common pride - IOS.
